

TOWN CENTER MALL

Las Vegas, Nevada

client: Global Island, Inc.

completion date: Fall 2007

project description: Opened in November 2007, the 117-acre, \$750 million project offers Las Vegas a unique congregation of high-end stores and restaurants in over 1.5 million square feet. The development also includes the 18-screen Rave Motion Pictures and a Children's Park that features a tree house with a climbing rope, slides and a fort; a 35-jet pop-jet fountain in the main park plaza; Princess Tower Playhouses with a connecting walkway and slides; a fun-filled bakery café with plastic dishes and faux food.

Kids will also enjoy a hedge maze with animal topiaries and playground equipment.

project scope: CLOWARD H₂O provided design, engineering, and construction administration services for the pop-jet fountain located in the Children's Park area of the development.
