

TURNING STONE RESORT & CASINO

Verona, New York

client: EDSA

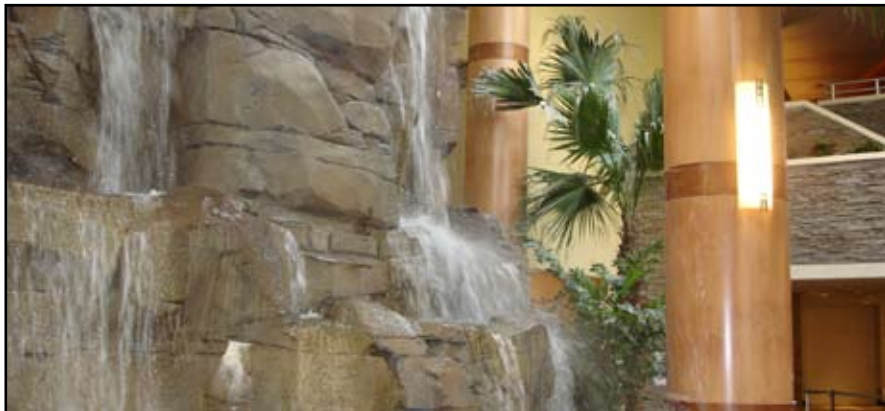

completion date: Fall 2004

project description: The Turning Stone Resort & Casino located in Verona, New York is the jewel in the development crown of the Oneida Indian Nation. It is one of the top five tourist destinations in New York State where it hosts more than 4 million visitors annually. The resort features five lodging options from luxury suites and the Lodge to The Village RV Park. Guests are also able to enjoy gaming, world class golf and various entertainment.

project scope: CLOWARD H₂O provided design and engineering services for numerous site water features and fountains for the most recent addition to the resort. These include interior waterfalls, fountains and pools as well as exterior ponds, fountains and a steam fountain.
